**SOOTHE – RADICAL – ANDREA BRANZI
HERETICAL DESIGN – PRIMITIVES – BACK TO THE ORIGIN
RITUAL – ESSENTIALISM – MEDITATION – TIBET**

In a time when all seems passively automated in a chaotic and fast paced world, a touch of contentious nostalgia desire to begin all over again in a growing interest in spirituality and expression of the rituals with a "primitive" approach of a contemporary taste.

A calm and meditative mood reflect the essentiality of a "soothing design" where "heretical" is the approach to a new and different way of seeing and thinking a design that gives shape to our daily life in a more intimate and emotional journey

Our SS16 Man moves in a moral enquiry and a search of equilibrium and meaning, showing a quirky mannerism and an introspective personality.
